Information

Ordering

- As a wholesale greenhouse, we only accept orders from brokers. See a full list of our brokers on the back cover
- We do not have minimums but some brokers do, so check with your broker.
- Order entry deadline is noon EST on the Wednesday before ship week with the exception of new Grower Truck requests.
- All new Grower Truck requests must be received by DGI a minimum of 10 days prior to ship week to allow for routing.

Claims

1. Notify your broker within 48 hours of receiving plants.
2. Photos are required of all plants being claimed, in the trays as they were received, with labels visible. Full trays being claimed require photos of full trays.
3. Any outside damage to boxes must have a photo of the damaged areas so that we can file a claim with the carrier.

Lithops 36 Tray
Various shapes & colors

NEW

We recommend finishing in 3" pots with a 12-14 week crop time.

Introducing Lithops, commonly known as Living Stones. They are fun, ornamental plants from the succulent family with a unique stone-like appearance. They are very low maintenance in well drained soil or a cactus like blend, drought tolerant (water very sparingly). They can be used in rock gardens, containers and terrariums. They thrive in small spaces so are suitable for apartments and smaller gardens. Lithops are very slow growing and do best in bright, diffused lighting. They are considered non-toxic to humans and pets.
