About Us

We have been expanding our Summer/Fall offerings over the past several years based on customer demand. We added a strong line of Perennials in 2025 and have added many new varieties to that program for 2026. We continue to offer the tried and true standards in mums but also include offerings in vibrant fall colors from Calibrachoa to Ornamental Cabbages and Kales, Echinacea, Rudbeckias, Zinnias and many more in between. We also continue to offer many standard accent plants through fall.
